Statement of Purpose for Applying to Yudiz Solution limited.

NAME: Krinal A Beladiya

Enrollment No: 23002170220001   Branch: Information Technology

Mob No: +91 9106165468

I am Krinal Beladiya, Studying in third at LJIET , LJ University.

Myself Krinal Beladiya, pursuing B.Tech in Information Technology from LJ university, currently completed 2nd Year, also developed multi-projects (individual, group both). Also completed diploma in Information Technology.

After next 3 years, I optimistically see myself as/at

According to my learning skills and growth , from next 3 years , I see myself as consistent Software Engineer , doing great projects and innovative things towards my team, growing technically and personally by leverage communication skills , ultimately leading my team to greater extent.

I would like to share my views about adopting new technologies. I am personally interested in.

Adopting new technologies is always good for anyone. A company can also grow and any individual can also develop. I'm particularly interested in Data Science Field , As this field is like on **Boom ,** and also making every task easier then past. This can be very useful from every aspect. So "Data Science".
Right now working in "Web Development" and having basic knowledge regarding "DSA".

I wish to apply for Yudiz Solution Limited because.

I wish to apply for Yudiz Solution Limited as, its mainly focus is on Game Development and blockChain technology , and as an intern one can learn immensely from these technologies . And excited to work with these techs in these type of environment that encourage growth.
